SUBJECTS

Adolescent, hospitalized
Caring for adolescents in the adult intensive care unit [Kimberly] Apr:80

Advanced nursing practice

Clinical research is part of what we do: the experience of one medical intensive care unit [Burns] Apr:100

Anthrax

Anthrax as a biological weapon: an old disease that poses a new threat [Tasota] Oct:21

Biological warfare

Anthrax as a biological weapon: an old disease that poses a new threat [Tasota] Oct:21

Blood pressure

Monitoring blood pressure: what you may not know [McGhee] Apr:60

Carvedilol

Using carvedilol to treat heart failure [Taccetta-Chapnick] Apr:36

Clinical research

Clinical research is part of what we do: the experience of one medical intensive care unit [Burns] Apr:100

Coronary artery bypass

Coronary artery bypass graft surgery without cardiopulmonary bypass: a review and nursing implications [Lorenz] Feb:51

Beating-heart coronary artery bypass graft surgery: indications, advantages, and limitations [Chen-Scarabelli] Oct:44

Critical care nursing

Lessons for critical care nurses on caring for the dying [Brenner] Feb:11

Managing patients with acute thyrotoxicosis [Dahlen] Feb:62

Capturing the wisdom of the ages: "...I've been a critical care nurse for more than 20 years..." [Alspach] Aug:10

Family-centered critical care: a practical approach to making it happen [Henneman] Dec:12

Two lives on the line: a case study in obstetric critical care [Velez] Dec:20

Critical path

Using clinical pathways in patients undergoing cardiac valve surgery [Zevola] Feb:31

Cultural diversity

Even though I don't speak English: a letter to every healthcare provider [Gonzales] Aug:47

Drug interactions

Herbal drug remedies: drug-herb interactions [Kuhn] Apr:22

Dying care

Lessons for critical care nurses on caring for the dying [Brenner] Feb:11

Education, nursing

Developing an educational consortium: the Portland experience [Ellmers] Oct:60

Electrocardiography, ambulatory

Using ambulatory electrocardiography during recovery from cardiac surgery [Funk] Apr:115

Endocarditis, bacterial

Caring for a patient with *Listeria* endocarditis: use of antibiotic desensitization [Candela] Oct:38

Family centered care

Family-centered critical care: a practical approach to making it happen [Henneman] Dec:12

Family presence during pediatric resuscitation: a focus on staff [McGahey] Dec:29

Foot ulcers

Using hyperbaric oxygen to treat diabetic foot ulcers: safety and effectiveness [Heyneman] Dec:52

Heart assist devices

Telemetry to home: successful discharge of patients with ventricular assist devices [McCafferty] June:43

Heart failure, congestive

Using carvedilol to treat heart failure [Taccetta-Chapnick] Apr:36

Heart surgery

Using clinical pathways in patients undergoing cardiac valve surgery [Zevola] Feb:31

Coronary artery bypass graft surgery without cardiopulmonary bypass: a review and nursing implications [Lorenz] Feb:51

Using ambulatory electrocardiography during recovery from cardiac surgery [Funk] Apr:115

Beating-heart coronary artery bypass graft surgery: indications, advantages, and limitations [Chen-Scarabelli] Oct:44

Herbs

Herbal drug remedies: drug-herb interactions [Kuhn] Apr:22

Intensive care units

Caring for adolescents in the adult intensive care unit [Kimberly] Apr:80

Using chest radiography in the intensive care unit [Siela] Aug:18

Listeria infections

Caring for a patient with *Listeria* endocarditis: use of antibiotic desensitization [Candela] Oct:38

Mechanical ventilatory weaning

Developing a multidisciplinary weaning unit through collaboration [Salipante] Aug:30

Methemoglobinemia

Methemoglobinemia: a case study [Boylston] Aug:50

Methemoglobinemia: a case study [correction], [Boylston] Oct:19

Monitoring, direct pressure

Monitoring blood pressure: what you may not know [McGhee] Apr:60

Multidisciplinary care team

Developing a multidisciplinary weaning unit through collaboration [Salipante] Aug:30

Myocardial contusion

Myocardial injury: contrasting infarction and contusion [Pooler] Feb:15

Myocardial infarction

Myocardial injury: contrasting infarction and contusion [Pooler] Feb:15

Nasal cannula

Using a reservoir nasal cannula in acute care [Dumont] Aug:41

Obstetric emergencies

Two lives on the line: a case study in obstetric critical care [Velez] Dec:20

Organ procurement

Why families say no to organ donation [Exley] Dec:44

Oxygen therapy

Using a reservoir nasal cannula in acute care [Dumont] Aug:41

Using hyperbaric oxygen to treat diabetic foot ulcers: safety and effectiveness [Heyneman] Dec:52

Oxygenation

Assessing tissue oxygenation [Berry] June:22

AUTHOR AND SUBJECT INDEX 2002

Assessing tissue oxygenation
[correction], [Berry] June:22

Patient positioning

Prone positioning of trauma patients
with acute respiratory distress syndrome
and open abdominal incisions [Murray]
June:52

Prone positioning of trauma patients
with acute respiratory distress syndrome
and open abdominal incisions
[correction], [Murray] Oct:19

Patient satisfaction

Even though I don't speak English: a
letter to every healthcare provider
[Gonzales] Aug:47

Pediatric critical care nursing

Family presence during pediatric
resuscitation: a focus on staff [McGahey]
Dec:29

Peripheral vascular diseases

Retepase: nursing implications for
catheter-directed thrombolytic therapy
for peripheral vascular occlusions
[Bussard] June:57

Preceptorship

Recognizing and rewarding preceptors:
do you bother? [Alspach] Apr:14

Pulmonary circulation

Methemoglobinemia: a case study
[Boylston] Aug:50

Methemoglobinemia: a case study
[correction], [Boylston] Oct:19

Quality of life

The SF-36 Quality-of-Life Instrument:
updates and strategies for critical care
research [Jordan-Marsh] Dec:35

Radiography, thoracic

Using chest radiography in the intensive
care unit [Siela] Aug:18

Research instruments

The SF-36 Quality-of-Life Instrument:
updates and strategies for critical care
research [Jordan-Marsh] Dec:35

Respiratory distress syndrome, acute

Prone positioning of trauma patients
with acute respiratory distress syndrome
and open abdominal incisions [Murray]
June:52

Prone positioning of trauma patients
with acute respiratory distress syndrome
and open abdominal incisions
[correction], [Murray] Oct:19

Sheath removal

Capping arterial sheaths in patients
undergoing percutaneous coronary
intervention: evidence-based practice
[Sulzbach-Hoke] June:64

Staff development

Developing an educational consortium:
the Portland experience [Ellmers] Oct:60

Surgery, cardiovascular

Capping arterial sheaths in patients
undergoing percutaneous coronary
intervention: evidence-based practice
[Sulzbach-Hoke] June:64

Telemetry

Telemetry to home: successful discharge
of patients with ventricular assist
devices [McCafferty] June:43

Thrombolytic therapy

Retepase: nursing implications for
catheter-directed thrombolytic therapy
for peripheral vascular occlusions
[Bussard] June:57

Thyrototoxicosis

Managing patients with acute
thyrototoxicosis [Dahlen] Feb:62

Tissue perfusion

Assessing tissue oxygenation [Berry]
June:22

Assessing tissue oxygenation
[correction], [Berry] Oct:19

Transplantation

Why families say no to organ donation
[Exley] Dec:44
